Part II Architectural Assistant with experience across RIBA Stages 1 to 5, from international infrastructure to public-realm and residential projects. Strong in technical drawing and client communication, with interests in adaptive reuse, cultural projects and community-focused housing. Keen to join a hardworking, collaborative studio.

Education

University of Bath | MArch Architecture (RIBA Part II) | 2024 - 2026

Grade: Merit

University of Bath | BSc Architecture and Civil Engineering (RIBA Part I) | 2020 - 2024

Grade: 2:1

Experience

TFT Consultants, London | Intern | Summer 2025

Project Management, Building and Quantity Surveying Team

- Delivered progress reports and attended site visits for the RIBA Stage 5 redevelopment of 10 Spring Gardens, supporting programme monitoring and stakeholder communication.
- Supported cost reporting, valuations and contract administration under JCT contracts across live projects.
- Developed an Excel tracker used by the team to record savings from contractor negotiations.

Schmidt & Pütz, Germany | Architectural Designer | Summer 2025

- Built financial models and conducted site inspections for the Am Märchenbrunnen 911 serviced-apartment scheme in Berlin, informing feasibility, cost planning and budget tracking.
- Developed and implemented design changes to improve spatial efficiency and marketability while responding to sustainability targets and cost constraints.

WW+P Architects, London | Part I Architectural Assistant | 2024 - 2025

- Delivered a RIBA Stage 1 strategic planning report for the £7bn East West Rail programme, assessing land use around overbridges, underbridges and viaducts to shape design and planning priorities.

Weston Williamson + Partners, London | Part I Architectural Assistant | 2023

- Produced Rhino plans, sections and InDesign report material for the Qiddiya Transport Hubs at RIBA Stage 2, coordinating consultant input.
- Designed and assembled a 1:1500 Qiddiya site model using laser-cut topography and interchangeable 3D-printed massing.
- Developed MicroStation plans and sections for the £80m Sohar Station at RIBA Stage 2, translating architect and engineer mark-ups into revised design information.
- Delivered coordinated drawings, visualisations and physical modelling for the HS2 Aston Church Viaduct and Digbeth Branch Canal at RIBA Stage 4, integrating input from multidisciplinary engineering team.

LT Studio, Bath | Assistant Landscape Architect | 2022

- Produced Stage 2 AutoCAD drawings for Silverthorne Lane, part of the £375m Bristol Temple Quarter, supporting feasibility and low-carbon design with AHMM and specialist consultants.
- Delivered the Design and Access Statement, strategy diagrams, rendered masterplan and presentation material for client review and public consultation on the RIBA Stage 3 Octagon Theatre.
- Coordinated and updated RIBA Stage 4 General Arrangement and terrace drawings for 9 Nestles Avenue, resolving drainage and layout information with the architect and contractor and presenting updates to the design team.
- Developed 1:15 tender details for All Saints Church and the Emily Hobhouse Museum, resolving key landscape interfaces and issuing the museum details to the contractor.

Independent Projects

Paperspace magazine | Editor-in-chief | 2022 - 2023

- Secured £1,500 sponsorship, led an 8-person design team, managed publication deadlines and developed a new [website](#) archive.

Cork Museum and Visitors' Centre Competition | Team lead | 2022

- Coordinated an 8-person team to design a museum and visitors' centre proposal for Cork, managing concept development, design reviews, and submission delivery under tight deadlines.
